

Cookie Policy

1. Cookies are IT data, in particular text files, which are stored on the Website User's end device and are intended for using websites. Cookies usually contain the name of the website from which they originate, their storage time on the end device and a unique number.
2. The entity that places cookies on the Website User's end device and obtains an access to them is the Center for Theoretical Physics of the Polish Academy of Sciences with its seat at Al. Lotników 32/46 02-668 Warszawa.
3. Cookies are used to collect information related to the use of the Website by the User. Cookies allow in particular:
 - a. maintaining the Website User's session (after logging in), thanks to which the User does not have to re-enter his login and password on every subpage of the Website;
 - b. adjusting the content of the Website pages to the User's preferences and optimizing the use of websites; in particular, these files allow to recognize the device of the Website User and properly display the website, adapted to his/her individual needs;
 - c. creating statistics that help to understand how Website Users use websites, which allows improving their structure and content.
4. The Website uses two basic types of cookies: session cookies and persistent cookies. Session cookies are temporary files that are stored on the User's end device until logging out, leaving the website or turning off the software (web browser). Persistent cookies are stored on the User's device for the time specified in the cookie file parameters or until they are deleted by the User.
5. The Website uses the following types of cookies:
 - a. "necessary" cookies, enabling the use of services available on the Website, e.g. authentication cookies used for services that require authentication on the Website;
 - b. "performance" cookies, enabling the collection of information on the use of Website pages;
 - c. "functional" cookies, enabling "remembering" the settings selected by the User and personalizing the User's interface.
6. In many cases, software used for browsing websites (web browser) allows cookies to be stored in the User's device by default. Website Users can change their cookie settings at any time. These settings can be changed in particular in such a way as to block the automatic handling of cookies in the web browser's settings or inform about their each entry in the device of the Website User. Detailed information about the possibilities and ways of handling cookies are available in the software (web browser) settings
7. The Website Operator informs that restrictions on the use of cookies may affect some of the functionalities available on the Website. More information about cookies is available at wszystkoociasteczkach.pl or in the "Help" section in the web browser menu "
